

### **CDKL5 Testing**

The blood is drawn at your child's doctor's office, and then sent to a special laboratory that performs the genetic test. The list below contains some of the more common labs that perform this test. Your doctor will need to contact one of the labs, and get the necessary information on how to send the blood sample.

Medical Genetics Laboratories  
Baylor College of Medicine  
Houston, TX 77030  
(713)798-6555 or (800)411-4363 (GENE)  
Fax: (713)798-2787

University of Chicago  
Genetic Services Laboratories  
Chicago, IL  
(888)824-3637 or (888)824-3637 (UC-GENES)

Greenwood Genetic Center  
Diagnostic Laboratories  
106 Gregor Mendel Circle  
Greenwood, SC 29646  
(864) 941-8111 or (800) 473- 9411 Fax: (864)941-8141

Children's Hospital Boston  
DNA Diagnostic Laboratory  
Boston, MA  
(617)355-7582

Center for Human Genetics  
Boston University School of Medicine  
Boston, MA  
(617) 638-7083

Emory Genetics Laboratory  
2165 N. Decatur Rd.  
Decatur, GA 30033  
Email: domglab@emory.edu  
(404)778-8500 or (800)366-1502 Fax: (404)778-8559

GeneDX  
207 Perry Parkway  
Gaithersburg, MD 20877  
www.genedx.com  
(301)519-2100 Fax: (301)519-2892
